Hi Everyone,  
The EPA Independent Sampling Plan draft has come in. Please see AI's instructions below. Also, Connie - can you please take the lead on getting an executive summary moving.

Thanks,  
Erica

Subject: BP Oil Sampling Plan

---

Dana and Co.,

Attached please find the Word file which is the draft sampling plan for water, sediments, and air for Gulf chemical and toxicological analysis.

Also attached are the appendices which contain the details referred to in the Word file.

I appreciate the upcoming review by you and your staff.

I would recommend each NPM focusing on its relevant sections of the Word file first, and sending those comments to Sam Coleman of my staff, who will act as the central locus for getting comments incorporated.

We are still completing our own review and construction at the Regional level of the Appendices, but I certainly welcome your review of them as well.

Thanks to Stan and R4, without whose assistance this couldn't have happened.

Best,

Al
